General Information

BERRYHILL'S LOCATION is near the center of Ohio, on State Route No. 4, at New Moorefield—4 miles from the city limits, northeast of Springfield; 43 miles west of Columbus; 25 miles east of Dayton; 183 miles from Cleveland; 78 miles from Cincinnati.

A LARGER ASSORTMENT of superior quality nursery stock is offered this Spring than ever before, with the addition of lining out Hardy Perennials and Rock Plants, of our own propagation.

GUARANTEE. We exercise the greatest precaution and care to have our stock true to name and count, and generous in grade. It is mutually agreed between the purchaser and ourselves that our guarantee in no case shall make us liable for any sum greater than that quoted. We take special care and pride in our balling and burlaping of evergreens, which are grown in soil unsurpassed anywhere for giving them richness of color and vitality.

PRICES AND TERMS. Prices are limited to spring 1931 and supersede all previous lists. We will supply 5 at 10 rate, 25 at 100 rate, respectively. To firms of established credit, our terms are 3% discount when cash accompanies order; 2% 10 days from date of Invoice; NET after 30 days. Interest at the rate of 7% will be charged on all Spring accounts after June 1st.

BOXING AND PACKING, charged at cost of material and labor used.

SPRING SPECIALS

These will be found listed in special type on following pages—our best in ornamentals and lining out stock, furnished in quantities of 25 or more, and only in connection with other purchases.

Prices speak for themselves, not only in SPECIALS, but throughout our list.

EVERGREEN TREES

All Evergreen trees have been twice or more transplanted to nursery row, and are carefully dug with a ball of earth and burlaped. Our soil is unsurpassed for balling—heavy, fertile clay loam, containing no sand or gravel.

ORNAMENTAL SHRUBS

All our shrubs are northern grown, of the highest quality. We prefer to furnish them **freshly dug**, rather than from storage. We store none of our larger specimen shrubs, in accordance with the desire of leading landscape architects who are our customers.

Acanthopanax pentaphyllum (<i>Aralia</i>)
